Luis López, Master in Radio

1

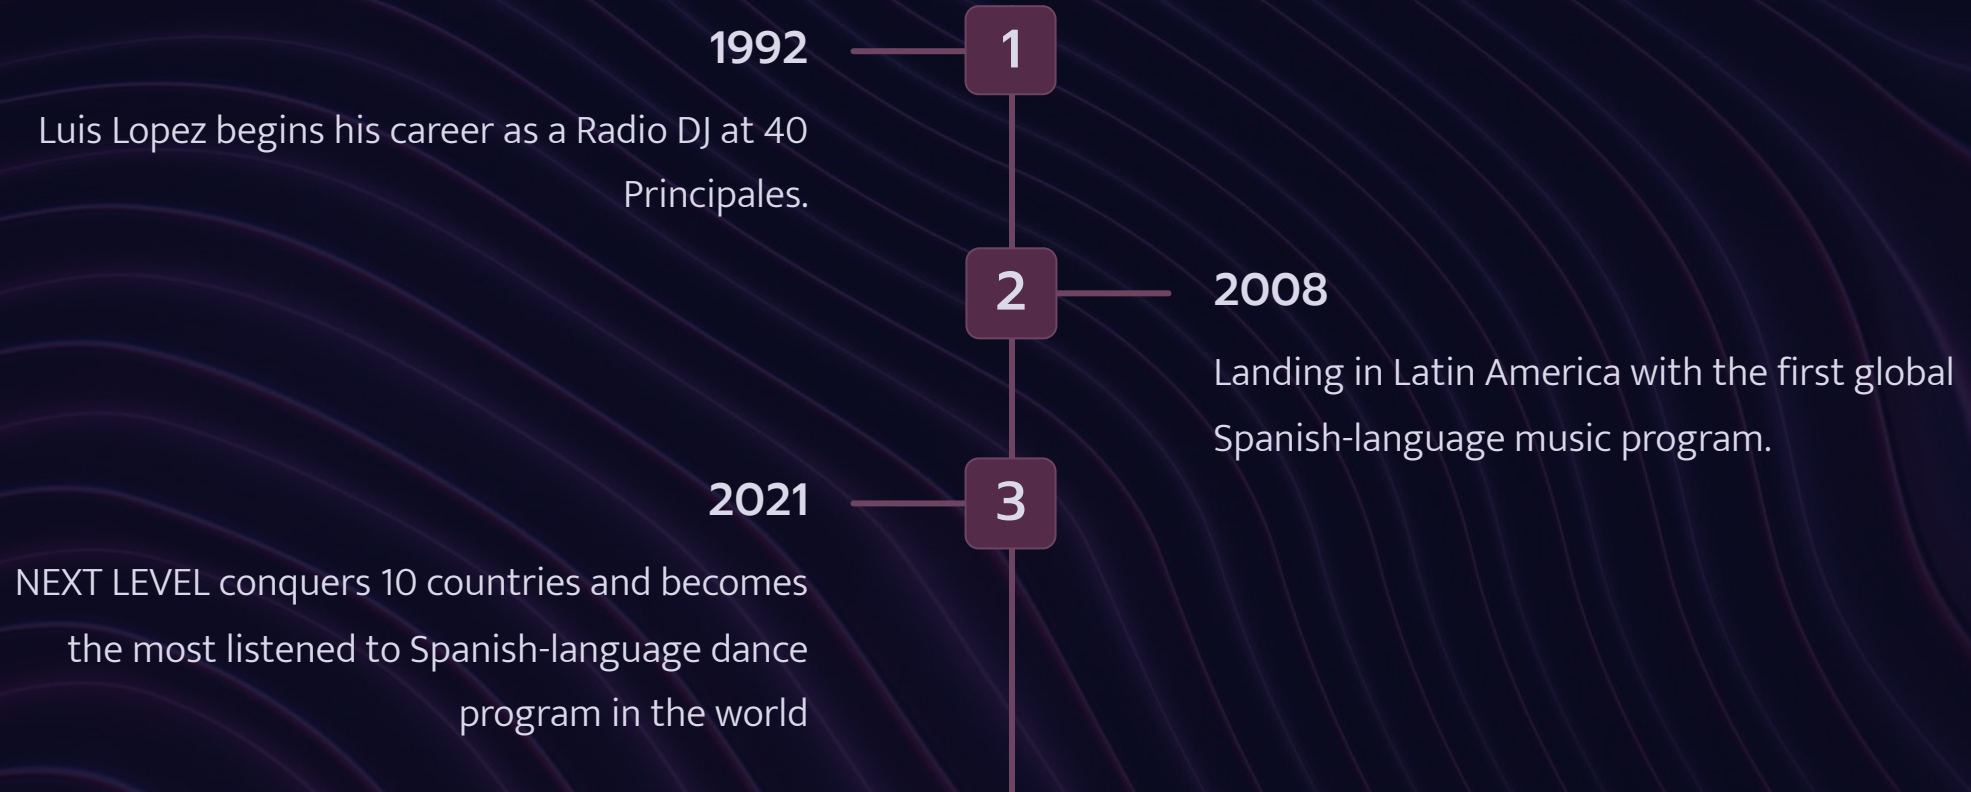

Luis Lopez has left an indelible mark on the radio music scene, standing out as the undisputed leader of the dance genre and within the Spanish-speaking scene. He was a pioneer in 2008 bringing from Spain to Latin America the first global music program of Los 40 Principales, World Dance Music. His mantra, **"The World Doesn't Turn, DJs Make it Move"**, has resonated beyond the Spanish borders, expanding his philosophy throughout Latin America.

All this work culminated in 2018 with the celebration of the World Dance Music Radio Awards, in the Azteca Stadium in Mexico and with the most multitudinous awards ceremony in the History of Music. A call that exceeded 100,000 people for two consecutive years, a historic milestone for the industry captained by Lopez.

During all these years he has conducted interviews with the biggest stars of electronic music such as Avicii, David Guetta or Martin Garrix, consolidating his position as an influential and respected figure in the global electronic music scene.

Radio Residency in Ibiza

Café Mambo

Luis Lopez becomes every summer the heartbeat of Ibiza transmitting NEXT LEVEL from the iconic Café Mambo. He has been doing it for more than 20 years.

Content Producer

The contacts of a lifetime, led Luis Lopez in 2021 to the production of the Official Podcast of the History of Ibiza, where Lopez interviewed the most important people in the history of the island, Podcast sponsored by the Balearic Government.

Ushuaïa, UNVRS, Pacha, Hi Ibiza...

Luis Lopez takes advantage of the summer to take the pulse of the global electronic scene. Ibiza is the mecca of the dance industry every summer and NEXT LEVEL lands every summer season to interview the best DJs and report on the parties that set the trend.

Explosion of Creativity: Aokis Day, Dj Promises, Tribute to Avicii...

NEXT LEVEL is not satisfied with just making radio and communicating, it also wants to amuse and entertain, so today it has become a platform for creating creative content that aims to surprise its audience by generating actions worthy of their attention. A few months ago, NEXT LEVEL organized the **AOKYS DAY**, a tribute to the artist who has given us so many hours of happiness. A total of 123 radio stations around the world programmed his songs and dedicated a day full of surprises to the artist. The day ended with Luis Lopez connected in video conference with **Steve Aoki** who rewarded the finalist listeners by throwing them cakes by remote control, a unique experience on another level.

In this line of creation of special content, it is also worth mentioning the contest generated by NEXT LEVEL and that put to participate throughout Latin America, DJ PROMISES. A call that brought together 1076 participants and ended with 6 finalists facing each other in the grand finale held in Talent Land Mexico, the most important talent conference in Latin America, with Luis Lopez presenting this global event.

Finally, we highlight the **AVICII Special** that NEXT LEVEL did in Ibiza, right in the same place and with the same visual inspiration where the artist composed his last studio album. Luis Lopez transformed a camper van into an improvised open-air radio studio and generated one of the most beautiful programs of his entire radio career ([Available on YouTube](#)).

Every week, NEXT LEVEL presents us with the Top 10 of Global Dance Music and the most exciting new releases from the world's electronic music scene. We are at the forefront of the rhythm of the future.
